

Consortium of Gujarati Schools would like to thank Brent Civic Centre for giving us the use of the training room facilities at a reduced charge. We are also grateful to the committee members of CGS for their support. We would like to thank the presenters for their contributions and presentations on a voluntary basis.

Consortium of Gujarati Schools was set up in October 2015 to support Gujarati teachers, students and parents in the maintenance and development of Gujarati in our mainstream and voluntary community schools. We offer training and support for teachers in schools in the UK. Membership is open to all schools and teachers of Gujarati. For more information, please contact:
